

Universal Accessibility Study Rooms

In order to create a more inclusive environment for patrons of all levels of ability, FSU Libraries has created the Universal Accessibility Rooms. These wheelchair-accessible rooms contain an adjustable-height desk; a large-print, high-contrast keyboard; and two vertical, ergonomic mice. Below are directions, but if you need assistance locating the room, please don't hesitate to ask at the Scholar Support Desk.

Directions

1. Enter Strozier Library through the main entrance.
2. Use your FSUID to enter the security gates. For assistance, please talk to a member of the security staff.
3. Go directly forward to the Scholar Support Desk.
4. As for the Universal Accessibility Study Rooms.
5. Swipe your FSUID and a Scholar Support Desk staff member will provide you with the room key. Your reservation will last 4 hours, but if the room is still available, you may renew it.
6. Turn around and go toward the security gates (don't exit!).
7. Turn left toward the Starbucks. The elevator will be on your right.
8. Go to the second floor.
9. Exit the elevator and turn to your right (toward the main floor).
10. Take the left path into the open, quiet area.
11. Turn right toward the back of the building.
12. Pass through the double doors and turn left immediately. Room 2062 is the first room, and Room 2061 is the second room.
