The Evaluation Summary Form and its attachments shall be distributed to the faculty member no later than June 15. APPENDIX A

FLORIDA STATE UNIVERSITY
LIBRARIES’ CRITERIA AND PROCEDURES FOR PROMOTION

A.1 Purpose and Scope. This Appendix supplements Article 14 and Appendix J of the Collective Bargaining Agreement by establishing additional criteria and procedures relating to opportunities for promotion of faculty members in The Florida State University Libraries. The Appendix addresses the opportunities for advancement in rank within the faculty titles to which one may be promoted, including in ascending order of rank, Associate University Librarian and University Librarian.

A.2 Criteria.
   (a) General.
      (1) Recommendations for promotion originate with the Promotion Committee, which shall in its considerations utilize the criteria and procedures contained in this Appendix. Among the criteria, demonstrated effective performance of duties shall be considered of primary importance.
      (2) As stated in Appendix J of the Collective Bargaining Agreement, although the period of time in a given rank at FSU is normally five years, demonstrated merit, not years of service, shall be the guiding factor. Promotion shall not be automatic, nor may it be regarded as guaranteed upon completion of a given term of service. Early promotion is possible where there is sufficient justification. A candidate must have been appointed in rank for at least one year at Florida State University by October 1 of the year in which the candidate wishes to be considered for promotion for the next contract year.

   (b) Associate University Librarian. For candidates for promotion to the rank of Associate University Librarian, the committee shall take into account the criteria in Appendix J, section J.2(b) of the Collective Bargaining Agreement, along with the following:
      (1) The candidate possesses a master’s degree from an American Library Association accredited program or from a master’s level program in library and information studies accredited or recognized by the appropriate national body of another country.
      (2) The candidate has demonstrated competence in areas such as intellectual attainment, maturity of judgment, initiative, resourcefulness, teamwork, and effectiveness in working with the public and library staff, to the appropriate extent for her or his area of specialization.
      (3) The candidate has presented documentation of effective performance that shows an enhancement of responsibility and continuing growth, as summarized in a statement by the candidate.

   (c) University Librarian. For candidates for promotion to the rank of University Librarian, the committee shall take into account the criteria in Appendix J, section J.2(b) of the Collective Bargaining Agreement, along with the following:
(1) The candidate possesses a master’s degree from an American Library Association accredited program or from a master’s level program in library and information studies accredited or recognized by the appropriate national body of another country.

(2) The candidate has demonstrated excellence in areas such as intellectual attainment, maturity of judgment, initiative, resourcefulness, and effectiveness in working with the public and library staff, to the appropriate extent for her or his area of specialization.

(3) The candidate has presented documentation of effective performance that shows an enhancement of responsibility and continuing growth, as summarized in a candidate statement.

A.3 Procedure.

(a) A candidate shall be any librarian below the rank of University Librarian who has submitted a promotion binder to the Promotion Committee chairperson. The Promotion Committee’s recommendation shall be made only on the basis of the information contained in the librarian’s promotion binder. Promotion to a higher rank shall be effective with the beginning of the next contract year.

(b) It is the responsibility of each librarian and her or his supervisor to determine when he or she is eligible to be considered for promotion and to make and submit an application. The Office of the Dean of Libraries maintains the official records which shall be used for determining eligibility. Librarians who anticipate being away from campus during the fall term and who think they are eligible to be considered for promotion should submit a promotion binder to the Committee Chairperson prior to departure.

(c) The candidate’s promotion binder shall contain the following information in addition to the materials described in Appendix J, section J.3(l) of the Collective Bargaining Agreement:

1. Statement from the Office of the Dean of Libraries detailing the number of years in rank at FSU, identifying any leaves of absence which do not count as time in rank.

2. Statements of Assigned Duties. Statements of assigned duties shall be included for the last five years or the period being evaluated if less than five years. Statements of assigned duties for more than five years may be included if appropriate.

3. Copies of all performance evaluation documents, including the Evidence of Performance and narrative, Annual Evaluation, and Progress Toward Promotion documents completed since the candidate entered his or her rank.

4. Letters of recommendation. Candidates shall include at least two letters of recommendation, at least one of which should be from a person not employed by the Florida State University Libraries.

(d) Information contained in the librarian’s promotion binder shall be confidential. Promotion Committee members shall not discuss the information with any person not authorized to evaluate the candidate’s qualifications for promotion.
e) Upon completion of its deliberation pertaining to promotion, the Committee shall report in writing its recommendations and its reasons for not recommending a promotion for an individual to the Dean of Libraries. The Committee shall give a copy of its recommendations and reasons to each candidate at the same time the recommendation is submitted to the Dean. The file of a candidate who is not recommended for promotion by the Committee will go forward unless withdrawn in writing by the candidate.

f) The Dean of Libraries shall make and submit final recommendations for promotion to the President and Vice President for Academic Affairs through the Office of Faculty Development and Advancement. In making that final recommendation, the Dean of Libraries primarily shall consider the recommendation of the Promotion Committee but also considers the contents of the binder independently. The Dean shall give written notification of his or her recommendation to each candidate. Any candidate not recommended for promotion by the Dean of Libraries shall upon request receive a letter from the Dean containing his or her reason(s) for the decision. This request must be received by the Dean of Libraries in writing within seven days after notification of the Dean’s decision. The file of a candidate who is not recommended for promotion by the Dean of Libraries will go forward unless withdrawn in writing by the candidate.

g) The promotion process shall normally proceed according to the following schedule. Specific dates will be communicated in advance and any modification in the schedule shall be communicated in writing not less than 7 days in advance of its implementation.

A.4 Promotion Committee Membership and Selection.

(a) The Promotion Committee shall be composed of five elected voting members and one elected alternate, who shall vote only when serving in place of a voting member. Those elected shall consist of two University Librarians, three Associate University Librarians and one alternate Assistant, Associate, or University Librarian. The Associate Dean for Administrative Services shall serve as an ex-officio member.

(b) The Bylaws Committee shall supervise the election of the Committee each spring. All Assistant, Associate, and University Librarians who have been employed at least one year as an in-unit librarian at the University and are not “Visiting” are eligible for election. Librarians who expect to be put forward for promotion during the term of service shall disqualify themselves from being elected to the Promotion Committee. A member forfeits his or her right to be considered for promotion during the same year(s) he or she serves on the Committee. Additionally, a librarian who is expected to be absent due to approved leave during the period December 1 to January 15 shall not be eligible for service on the Committee.

(c) All committee members shall be elected at large. One University Librarian and one Associate University Librarian shall be elected each year for a two year term. The University Librarian in the second year of his or her term shall serve as chairperson. If a University Librarian in his/her second year is unable to serve as chairperson, the University Librarian in the first year of a term shall serve as chairperson. When the University Libraries’ faculty does not include sufficient Librarians from the appropriate classification who are eligible for service on the Promotion Committee, a librarian shall be elected from another position classification. A vacancy caused by termination, resignation, or inability to serve shall be filled at the next regular election. However, the committee may not operate with less than four members; should more than one vacancy exist, a special election shall be called to fill the vacancies.
APPENDIX B

FLORIDA STATE UNIVERSITY LIBRARIES’ CRITERIA AND PROCEDURES
FOR AWARDING IN-UNIT FACULTY MERIT MONIES

Revised and approved by the Faculty Assembly on February 5, 2015

Note--specific dates listed below are set annually by Faculty Evaluation Committee to coincide with faculty evaluation process.

The Faculty Evaluation Committee is responsible for the merit process for in-unit faculty. The Dean of Libraries is responsible for the merit process for out-of-unit faculty.

The Merit Award process is presented in two parts, as follows:
Part A: Procedures
Part B: Merit Point Form

PART A

In-unit faculty of the Florida State University Libraries who contribute significantly to the mission and goals of the Libraries may be awarded merit. Participation in the Merit process is mandatory. Decisions regarding such merit awards shall be based on the in-unit faculty member’s Evidence of Performance (EOP), Assignment of Responsibilities (AOR), and supporting information.

ELIGIBILITY. Eligibility is determined by the provisions of the FSU Board of Trustees/United Faculty of Florida Agreement and FSU Administration.

EVALUATIVE DOCUMENTS. The faculty shall submit to the FEC copies of their EOP, AOR, and supporting narrative. Merit points will be awarded based on these documents using the Merit Point Form.

REVIEWING BODY: An elected Faculty Evaluation Committee will consist of five in-unit faculty members from the bargaining unit, two from the rank of University Librarian and three from the ranks of Assistant University Librarian and Associate University Librarian. The committee will elect a vice-chair each year, who will then become chair the following year. The Associate Dean for Administrative Services shall serve as an ex-officio member of this committee. A quorum shall consist of 3 of the 5 elected members.

The committee will be elected annually in September with two staggered two year terms. Terms run from October 1st to September 30th. Three-fifths of the committee will be newly elected each year. The Bylaws Committee will distribute ballots by September 15th. The Faculty Evaluation Committee Chair will notify in-unit faculty of the upcoming election prior to the distribution of the ballots. A quorum (2/3 of eligible in-unit faculty) must vote in the election in order for the results to be considered valid. The Chair of the Faculty Evaluation Committee will inform the in-unit faculty and administration of the election results.
Any in-unit faculty member who has been employed by the FSU Libraries since February 1 of the current evaluative year is eligible for membership on the Faculty Evaluation Committee. Names of all qualified in-unit faculty will appear on the ballot unless a written request is made to the Chair of the Committee prior to September 1.

If for any reason a committee member becomes unable to serve on the Committee or leaves the employment of the FSU Libraries, an election will be held immediately to replace that member for the duration of the original appointment. When the University Libraries’ faculty does not include sufficient Librarians from the appropriate classification who are eligible for service on the Evaluation Committee, a librarian shall be elected from another position classification. Should the chair resign, the vice-chair will assume the position as chair for the remainder of the year.

**EVALUATIVE PROCESS.** The Faculty Evaluation Committee will evaluate AOR, EOP and narrative using the Merit Point Form. The Faculty Evaluation Committee’s final Merit Point Form will be the average of the scores awarded by the individual Faculty Evaluation Committee members. They will then prepare a ranked list to be forwarded to the Dean of Libraries and notify in-unit faculty when the review and ranking has been completed. To assess each participating in-unit faculty member’s level of merit the committee shall use a rubric in which the in-unit faculty member may receive a maximum total of 10 points for information contained in the Merit Point Form from their supervisor and 10 points for ratings on the Merit Point Form from the Faculty Evaluation Committee.

Activities considered on the form must have been accomplished while in an in-unit faculty position at Florida State University between January 1 and December 31 of the previous year.

The Faculty Evaluation Committee shall review the forms to ensure that scoring is assigned in a consistent manner. It may request additional details or documentation from any in-unit faculty member whose supporting narrative contains incomplete information or irregularities. Committee members may not vote on decisions affecting their own Merit Point Form or on the Merit Point Forms of those they supervise.

If a faculty member wishes to dispute the merit points awarded to them by the Faculty Evaluation Committee, they must submit their dispute in writing to the Faculty Evaluation Committee Chair within one week of receiving their merit score. The Faculty Evaluation Committee will then consider the dispute. Where differing opinions exist, the decision of the committee shall be final.

**RANKING.** After each in-unit faculty member’s total points have been tabulated, the Faculty Evaluation Committee shall compile a list ranking the in-unit faculty from the highest score to the lowest. If two or more in-unit faculty members have identical scores, they shall be assigned the same position in the ranking. When two in-unit faculty members share the same ranking, the next number in the ranking shall not be assigned.
When three in-unit faculty members share the same ranking, the next two numbers in the ranking shall not be assigned, etc. The ranked list will be forwarded to the Dean of Libraries.

The sum of the two Merit Point Forms, one from the supervisor and one from the Faculty Evaluation Committee, will be used to determine the final Merit Point Score for each faculty member. These scores will be used to create a ranked list that will be divided into quartiles. Each quartile represents a distinct level of merit reflecting differences in performance.

To determine quartiles, the median of the range of the rank list will be found. The resulting ranges above and below the median will have their medians (hinges) found. When the median falls on a number in the range, that number will be included in the higher of the two sets it falls between (e.g., in 1,2,3,4,5 - 1 and 2 would be in the top quartile, with 3, 4, and 5 being in the second, third and fourth, respectively). Also, when the median falls on or between a number that repeats in a range, all of the instances of that number will be included in the higher of the two sets it falls between (e.g. in 1, 2, 2, 3, 4, 5 - 1, 2, and 2 would fall in the top quartile, with 3, 4, and five being the second, third, and fourth, respectively).

The top quartile of the merit rankings will be the most meritorious. The second quartile will be highly meritorious. The third quartile will be meritorious, and the fourth quartile will be the least meritorious. Merit funds shall be distributed with 60% of the money awarded split evenly between the most meritorious faculty. 30% split evenly between the highly meritorious faculty, and 10% split evenly between the meritorious faculty.

Merit distribution plans are subject to the approval of the dean. If the Dean makes any changes to the merit distribution plan proposed by the Faculty Evaluation Committee, he/she shall report such changes to the Faculty Evaluation Committee. The original merit distribution plan along with any recommendations by the Dean shall be submitted to the Vice President of Faculty Development and Advancement and the Provost. The Vice President of Faculty Development and Advancement and the Provost provide final approval of merit distribution plans. Any changes at this level to the merit distribution plan shall be reported to the Dean by the Vice President of Faculty Development and Advancement’s office, and the Dean will inform the Faculty Evaluation Committee.

**REPORTING.** The in-unit faculty members shall then be notified by the Faculty Evaluation Committee that the review and ranking have been completed. The same memorandum shall include a form that the in-unit faculty member may complete if he or she wishes to be informed of his/her own exact position in the ranking (e.g., ranked number 8 in a field of 30).

The complete list shall be submitted to the Dean of Libraries, who has the final responsibility for implementing the agreed upon method by which faculty merit awards are distributed if funds are available. In-unit faculty with higher rankings shall receive
merit awards, with the highest ranked in-unit faculty members receiving the largest increases, depending on the availability of merit funds.

**DISPOSITION OF DOCUMENTS.** Upon completion of the Committee’s work, each in-unit faculty member’s Merit Point Form shall be placed in the faculty member’s personnel file in the Libraries’ Administrative Office.

**REVIEW/REVISION OF THIS POLICY.** These Criteria and Procedures shall be evaluated annually in October by the Faculty Evaluation Committee. Minor updates by the Committee need not be approved by the Libraries’ in-unit faculty. Any substantive changes proposed by this Committee must be approved by review and vote of the full Libraries’ in-unit faculty. If possible the final changes will be communicated to the in-unit faculty prior to the evaluation period in which the changes will take effect.

Meritorious performance is defined in the Collective Bargaining Agreement as “performance that meets or exceeds the expectations for the position classification and department/unit.” The Collective Bargaining Agreement also states that all faculty members will be reviewed for merit. The Merit Point Form should be used to award merit points based on the faculty member’s meritorious performance as supported by their Evidence of Performance (EOP), Assignment of Responsibilities (AOR), and supporting narrative of no more than two pages.

The adjusted point total for each category shall be the product of the merit points assigned and the percentage assignment for the category in the faculty member’s most recent AOR for the review period.
