To open the program:

- Double click on the ZoomText Program Icon

Turn ZoomText on/off:

- When the button is green, ZoomText is “on”
- When the button is not green, it is “off”

Magnification Power:

- Press the “up” and “down” arrows to raise or lower the magnification

Magnification Type:

- Click on the “Type” button, you can change how ZoomText magnifies the screen.
- **Full** is the default and will magnify the whole screen.
- **Overlay** brings up a magnified rectangle in the lower right hand side of the screen where ever the mouse is.
- **Lens** brings up a moveable rectangle that is magnified where ever you move the mouse.
- **Line** will bring up a magnified line all the across the screen.
- **Docked (top, bottom, left, right)** splits the screen in half and magnify the half that is chosen and keeps the other half at 100% magnification.
